Piotr Ciechanowski
Head of Information Systems Delivery Center
ABB Sp. z o.o.

To whom it may concern,

It is with great pleasure that I recommend Igor Mroz to you. His outstanding performance during the three year period he worked for us in the Information Systems Delivery Center proved that hiring him was a good decision and that you will make a good one by working with him as well.

I worked with Igor directly on two projects and additionally - as the head of the IS Delivery Center - heard lots of good feedback for his work from the other managers.

He excels in organizing, planning and setting right priorities for the project activities, is always focused on the final goal and not afraid to leave his comfort zone and engage the challenging tasks. All of this qualities make him an excellent project manager.

It is also worth mentioning that during time he spent with us, he proactively contributed to numerous side-activities such as charity and social work. We also very much appreciated his honest and constructive feedback we've received from him during the restructuring of our business unit.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely yours

Piotr Ciechanowski
